

Curriculum Guide

3rd, 4th, & 5th Grades

Oconee History Museum brings history and heritage to life with exhibits, educational programs and much, much more!

Making History Fun!

Our goal here at the Oconee History Museum is to make history fun and enjoyable for your students. We offer a wide variety of programs and tours for your students to enjoy!

Book Your Field Trip Today!

Oconee History Museum is a cost effective place to take a field trip. Admission is FREE! We suggest a \$1 donation per student. We can also work with other area museums and historic sites to make the field trip even more enriching for the students! We request that groups be limited to 30-35 students per activity (typically a tour of the museum and one activity during a visit).

Oconee History Museum is conveniently located near other attractions and near the downtown depot park. There is ample parking for buses. We also have clean, dependable restrooms for your group to use.

Please fill out our "Field Trip Request" located on our website to book your field trip.

What you will see in the museum...

When you visit the Oconee History Museum you will see a variety of artifacts representing the history and heritage of Oconee County. Our main attractions are our two dugout canoes found in local rivers that date back to the late 1700s. We also feature a replica of Stumphouse Tunnel, a 1930s-era Tenant Farmer's house, and much, much more!

The General Store Museum

The General Store Museum is the Oconee History Museum's first satellite location! Oconee History Museum is using the original contents of England's General Merchandise Store of Westminster to create the General Store Museum. The museum also features exhibit space that focuses on the history of Westminster and the surrounding areas. Students will learn what community life was like for people living in early 20th century Oconee County.

- Impact of World War II

Programs We Offer

Oconee History Museum is the perfect place to bring your class on a field trip! We offer guided tours of the museum as well as supplemental educational programming. Students will discover the great history and heritage of Oconee County. Students will also learn about national historic events on a local level.

We offer a wide variety of supplemental educational programming to enrich the student's experience at the OHM, as well as align to South Carolina Social Studies curriculum and STEM initiative. The following programming is suitable for your grade levels:

How Does My Garden Grow? An activity for children to learn the importance and basics of farming and agriculture (3rd, 4th) STEM

Quilting Bee. An activity for children to learn the history and importance of quilts, as well as artistic expression (3rd, 4th)

The Great Canoe Rescue/ Experience Oconee. This two media presentation features the comprehensive history of Oconee County by a historical interpreter in Experience Oconee as well as the discovery of our two dugout canoes in (3rd, 4th, 5th)

Appalachian Folklore. In this activity we will read a folk story or two from the Appalachian region and learn about how people use folklore. (3rd, 4th)

Life in the Southern Cotton Mill. In this activity, students will learn what it was like growing up in a mill village in the South. (3rd, 4th, 5th) STEM

MapQuest. In this activity students will learn the history and importance of maps, as well as enjoy a little competition to find places and geographic features on a map of Oconee County. (3rd, 4th, 5th)

All Aboard...Students will learn about the history of railroads in Oconee County and their importance. Students will work in teams to construct a railroad bridge so the Blue Ridge Railroad train can get to its destination. (3rd, 4th, 5th) STEM

Household Engineering. Our ancestors didn't have it so easy when it came to household duties. Students will experience how household technology has changed over the years with hands-on experiences. (3rd, 4th, 5th) STEM
